INTRODUCTION

Aanii, Boozhoo,

Welcome to the Sault Ste. Marie Tribe of Chippewa Indians Membership Services brochure. This handout offers an overview of services available to Sault Tribe members, residing both inside and outside the service area.

There are over 44,000 enrolled tribal members, many of whom live in the tribe's seven-county service area spanning the Eastern Upper Peninsula. The tribe has landholdings, businesses, housing and health clinics throughout its service area. It provides membership services through the revenue generated by its businesses, grant funding, federal self-governance funds and other sources such as third-party insurance revenue.

Services include social services and victims services; Anishinaabemowin language lessons, cultural events and facilities; Elder services; health services including medical, pharmacy, behavioral health, community health, traditional medicine and others; home ownership and rentals; treaty fishing, hunting and gathering conservation regulation and management; child care and Head Start; after school youth programming; and recreational opportunities across the tribe's service area, among others.

Produced by Sault Tribe's Administration, this booklet provides an overview of Sault Tribe, an overview of services and contacts for each tribal service division, and a map of Indian Health Services with links throughout the United States. Please call the tribe's main line, 906-635-6050, or see the tribe's website at saulttribe.com, for more information.

Conservation Law Enforcement

Sault Tribe Law Enforcement (STLE) issues all treaty-regulated hunting and fishing licenses across the 1836 Treaty Ceded Territory in northern Michigan.

For forms, applications, maps and reports, go to:

www.saulttribe.com/membership-services/natural-resources/download-files.

License Requirements

Several requirements that apply regardless of the type of license you are requesting: new applicant tribal members must provide a copy of their current tribal card (cannot be expired), reporting requirements must be met and an application is required for each licensing season. Members obtaining their licenses at STLE's window in Sault Ste. Marie are able to use a credit or debit card to pay. Licensing done through the mail requires a check or money order for payment.

Members are strongly encouraged to contact STLE prior to arriving or mailing their application if they have any questions regarding any of the required documents for processing your licensing application.

Great Lakes Subsistence / Gill Net Licenses (Jan. 1 – Dec. 31)

Chapter 20 of tribal law (Tribal Code) and Chippewa Ottawa Resource Authority (CORA) Code regulates these licenses. All Subsistence and Gill Net fishing licenses expire Dec. 31 each year. STLE begins issuing the upcoming year's licenses in mid-December.

Great Lakes Subsistence licenses are free of charge; however, if you are applying for a Gill Net license in addition to the Subsistence, and you are between the ages of 17 and 54, please be sure you have a check or money order in the amount of \$20 if obtaining your license at Sault Tribe Law Enforcement.

For those requesting Subsistence and/or Subsistence Gillnet licenses through the U.S. Mail, ALL applicants must provide \$4 for the mailing fee.

Tribal members are not required to have a Subsistence license to fish on the Great Lakes; you can fish with just your tribal enrollment card (cannot be expired) as long as you follow state rules and regulations.

By applying for and accepting the Great Lakes Subsistence and Gill Net licenses, you are agreeing to comply with the mandated monthly catch report submission, due by the 10th of each month.

Great Lakes Commercial Fishing Licenses (Jan. 1 – Dec. 31): Chapter 20 of tribal law (Tribal Code) regulates these licenses. All commercial fishermen are required to contact Sault Tribe Law Enforcement to schedule an appointment when applying for this license.

Inland Hunting and Fishing Licenses (April 1 – March 31): Chapter 21 of tribal law (Tribal Code) regulates these licenses.

All members between the ages of 17 and 59 must pay a fee of \$5 in the form of a check or money order. (See License Requirements above.)

All tribal members born after 1960 who are new applicants for the hunting portion must provide a proof of hunter safety in order to obtain the hunting portion of the license, but are able to obtain just the fishing and gathering portion without hunter safety.

This license has an annual Harvest Report requirement that is due by Feb. 1 each year with any catch or kill up to that date. This report is also required whether you go hunting or fishing and whether you catch or kill anything while hunting or fishing. We cannot process any current year applications without your harvest report for the prior year. Harvest report forms are available online, at STLE, or by contacting the Inland Fish and Wildlife Department.

Housing Authority

The Sault Tribe Housing Authority strives to create and sustain Housing programs that strengthens the quality of life, economic self-sufficiency and future growth for the tribal membership. Housing opportunities available within the tribe's seven county service area include:

Income-Based Rental Program: The income-based Rental Program provides 400-plus rental units on nine housing sites across the seven-county service area. Families are selected using a point-based selection criterion and must meet NAHASDA income guidelines. Rent is based on 27.5% of the family's adjusted gross income. The Resident Services Department provides training and counseling to improve quality of life and promote self-sufficiency, assisting families to remain in their homes.

Home Ownership Lease to Purchase: Gives the homebuyer an opportunity to achieve ownership of a home in return for fulfilling the homebuyer's obligations to make monthly payments based on an amortization of the purchase price, to provide all maintenance of the home and to satisfy all other program requirements. It is a lease with the option to purchase. This program is designed to have the home paid off in 15-30 years. Payments are based on the value of the home. No down payment required; participant may secure a traditional mortgage and purchase the home outright anytime during the contract.

The Homeownership Department provides counseling and resources in an effort to reach the goal of homeownership. The department provides information on mortgage products, assistance with credit repair and advocates on behalf of tribal members with banks and credit unions.

Rental Assistance Voucher Program: Provides rental subsidies to income-qualified, working families or families with a steady income. The family is subsidized, not the unit. Families are required to pay 27.5% of their adjusted gross income to the landlord and the voucher will pay the remaining rent up to fair market rent.

Down Payment Assistance: Assists Sault Tribe members to become homeowners of a structurally sound home for the first time. Each member selected could receive up to \$9,500 or 20% of the purchase price. The member must secure a mortgage and contribute \$500.

Individual Development Account Program

Zhaabwiiigedaa – Let's Save

An Individual Development Account (IDA) program is a slow track homeownership program, designed to help participants that may not be able to finance a home in the immediate short term due to credit issues. Participants in the program will make monthly savings deposits of \$75 for 12-36 months. Participants' savings deposits are matched at a rate equal to \$10,000 with the maximum match of \$7,300 per participant.

Sanitation: Provides funding through Indian Health Services (IHS) for individual water and sewer services and community connections to municipal services. Each eligible member selected could receive up to \$50,500; this program is a once-in-a-life-time service. There is no income eligibility requirement for this program.

Home Improvement Program: Provides funding through the Bureau of Indian Affairs (BIA) to assist Sault Tribe members in need of repairs and renovation to off reservation homes in the tribe's seven-county service area. The goal is to provide housing for the neediest Indian families having substandard housing and have no other recourse for assistance.

Home Rehabilitation Program: Provides rehabilitation services for Sault Tribe members who privately own homes on and off reservation.

Standards of Assistance

Level I — Not to exceed \$7,500 per applicant/household; eligible applicants may receive assistance no more than every 5 years. Weatherization services include, but are not limited to, replace entry doors, install insulation, heat tape, weather stripping, caulking and window replacements.

Level II — Not to exceed \$10,000 per applicant/household; eligible applicants may receive assistance no more than every 10 years. Services include roof repairs or replacement.

Level III — Structural Rehabilitation not to exceed \$40,000; eligible applicants may receive assistance once per lifetime. Repairs include, but are not limited to, electrical, plumbing, furnace, water heater, flooring, stairs, porch, deck, wheelchair ramp and remediation of hazardous lead-based paint.

Owner Occupied Rehab: The Owner-Occupied Rehab program assists Sault Tribe members replace substandard heating systems and water heaters. The funds are distributed to applicants who meet the eligibility criteria and who have demonstrated a need based on an emergency situation and it has been determined that providing assistance will remedy or eliminate the emergency situation. Each eligible member selected could receive up to \$6,500. This is a once in a lifetime service.

Language & Culture

The Language & Culture Division provides meaningful programming to tribal members and interested community members to promote Anishinaabe Bimaadiziwin (lifeways) and our beautiful Anishinaabemowin (language) to protect and preserve our lifeways that were handed down by our ancestors for future generations. Language & Culture assists planning and implementation of various community events, projects, and activities, including powwows, ceremonies and cultural programming, and offers the following:

Anishinaabemowin “The Sound of our Ojibwe Language” Language Department: The goal is to teach Anishinaabemowin to our tribal members and interested community members in order to speak the language and preserve sovereignty. Anishinaabemowin instructors provide community language classes across the tribe’s seven-county service area, online lessons and assist other departments with language materials, translations and language activities.

Anishinaabeg Edinokiiwad: “Where the Anishinaabe Work” Mary Murray Culture Camp: Provides opportunity to experience traditional activities hands on with camps that focus on Anishinaabe lifeways. The camp is located on Sugar Island in a woodland setting with walking trails and sleeping quarters to accommodate small groups.

Ojibwe Learning Center & Library (OLCL): The OLCL provides meaningful educational materials and promotes the learning and preservation of traditional Anishinaabe lifeways. The OLCL features over 1,000 books focusing on Native American traditions, customs, and culture. The OLCL also has a collection of old and new items on display which illustrate the skills and lifeways of Anishinaabe people with everything from beadwork to authentic birchbark canoes.

Naadin Eshpendaagwak “To Get Back What is Sacred” Repatriation: Represents our tribe on Native American Graves Protection and Repatriation Act (NAGPRA) issues, including facilitating the return of our ancestral remains, sacred items and items of cultural patrimony removed from our homelands. Represents our tribe in regards to the National Historic Preservation Act and protecting sacred sites.

Missing or Murdered Sault Tribe Members

The Sault Tribe Advocacy Resource Center (ARC) seeks information about missing or murdered Sault Tribe members. In 2021, the Sault Ste. Marie Tribe of Chippewa Indians worked with the Department of Justice to develop its own Missing or Murdered Indigenous Person (MMIP) Tribal Community Response Plan (TCRP) to ensure a comprehensive and collaborative response to all reports of missing and murdered individuals while operating within a victim-centered, trauma-informed and culturally-honoring multi-disciplinary team approach, using the tribe's Victim's Services, Communications, Law Enforcement and Advocacy Resource Center.

ARC is seeking information regarding missing or murdered individuals who belong to the Sault Ste. Marie Tribe of Chippewa Indians, in order to create an informational database for Missing or Murdered Indigenous Persons (MMIP).

The information provided does not need to be current information. The ARC is seeking information for ALL missing or murdered tribal members including the seven-county service area and tribal members across the world.

Please ask for Community Educator Jess Gillotte-King when calling the ARC at (906) 632-1808 or toll free at (877) 639-7820.

If messaging the ARC Facebook page (www.facebook.com/saulttribeARC), please leave the following information: First/middle/last name, date of birth, date of death, murdered/when/where, and perpetrator name, if applicable.

If missing: Nickname/alias, date last seen/went missing, physical description, distinctive physical features and any vehicle information.

Any information would be appreciated.
